

When was the last time your child did something truly remarkable? At A.C.T.S. it happens all the time. We are launching our Spring program, "Back to the Cross," which is a time-travelling musical romp that follows a group of young people as they gain a better understanding of God's sacrifice for us through the lives of those living in different eras. From the Roarin' Twenties to the American Old West and beyond, a unique picture unfolds that leads us straight to the Savior.

We are looking for children from ages four to eighteen who would like to be a part of this amazing musical theatre program. With A.C.T.S., everyone is welcome. We believe the theater should be a fun place for kids to explore their talents, not a stressful push toward greatness.

Rehearsals are starting on January 15th, so now is the time to contact the church office to get your child in on the adventure. For your \$5 registration fee your child will receive a special backpack, CD, book and t-shirt all helping to make this program something truly memorable. No experience is needed, and no one will be turned away. There is plenty of room in this time machine.
